2026 Roseville (95661, 95678, 95747) Price Summary

In Roseville, CA (95661, 95678, 95747), 4,000 PSI hydro jetting costs $395 to $695, trenchless CIPP sewer pipe replacement costs $4,200 to $9,800 ($85 to $145/ft), and rigid SDR-35 PVC French drains cost $45 to $85 per linear foot installed.

Line-Item Cost Breakdown (Roseville, CA)

HD Sewer Camera & Sonde GPS Locating Inspection: $145 - $275 (Waived w/ Repair) — Pinpoints exact depth and GPS location of breaks in Roseville.

Residential 4,000 PSI Hydro Jetting (Main Sewer Line): $395 - $695 — Clears grease, sludge, and fibrous tree roots + post-jet camera proof.

Commercial Restaurant Grease Line Hydro Jetting: $550 - $950 — High-GPM descaling for commercial kitchen lines and grease traps.

Trenchless CIPP Epoxy Sewer Spot Repair (5-15 ft): $2,400 - $4,200 — Seals isolated joint separations without digging up slabs or patios.

Full Trenchless Sewer Line Replacement (40-80 ft): $4,800 - $9,800 ($85-$145/ft) — Full lateral replacement compliant with City of Roseville Environmental Utilities.

Engineered SDR-35 PVC French Drain (Per Linear Ft): $45 - $85 / linear ft. — Includes 18-24 in. trench, 8oz geotextile fabric, SDR-35 PVC & washed rock.

Crawl Space / Yard Sump Pump Basin Installation: $1,650 - $3,200 — Perforated basin, cast-iron Zoeller pump, check valve & curb discharge.

Top Homeowner Cost & Insurance Questions

Q: How much does trenchless sewer line replacement cost in Roseville, CA? In Roseville (95661, 95678, 95747), trenchless sewer line replacement costs between $85 and $145 per linear foot, or $4,800 to $9,800 for a complete 50-to-80-foot residential lateral. Because it requires no trenching across your driveway or patio, it saves $4,000 to $7,500 compared to open-trench excavation.

Q: How much does hydro jetting cost in Roseville vs. standard snaking? Residential 4,000 PSI hydro jetting in Roseville costs $395 to $695 and includes an HD camera inspection. While a basic rooter snake costs $125 to $250, snakes leave 75% of roots and grease on the pipe walls, whereas hydro jetting restores full new-pipe flow capacity.

Q: How much does a French drain cost per foot in Roseville? An engineered French drain built with rigid 4-inch SDR-35 perforated PVC, 8-ounce non-woven filter fabric, and washed 3/4-inch crushed rock costs $45 to $85 per linear foot in Roseville ($2,800 to $6,900 for most residential side yards).

Q: Why do yards in Roseville hold water and flood after winter storms? Neighborhoods across Highland Reserve, Woodcreek, Blue Oaks, Sun City Roseville, Diamond Creek & Old Roseville (95678) sit on shallow Mehrten volcanic hardpan and expansive Redesdale clay soil. Because water cannot drain vertically through the hardpan/clay layer, it migrates sideways against foundations unless intercepted by a perimeter French drain.
